## JITNEYS TO CONTINUE TO OPERATE UNDER NEW ORDINANCE

Respecting the jitney ordinance which was passed by the city board of commissioners yesterday afternoon to go into effect tomorrow morning, D. L. Turk of the Jitney Service company stated this morning that his company has no criticism to offer, and that the service of the company has been giving the past number of weeks will be continued. He says the application for license to operate five jitney buses has been made and that the \$20,000 indemnity bond required by the ordinance will be furnished as soon as papers can be arranged.

The new ordinance provides that any company operating four or more machines will be required to furnish an indemnity bond, or personal insurance in the sum of \$20,000. In case an individual takes out a license for the operation of a single machine, he will be required to furnish either an indemnity bond or personal insurance to the amount of \$10,000. It was at first planned to have the owner of each machine furnish an indemnity bond of \$5000 and also a personal insurance for each driver in the sum of \$5000. The commissioners yesterday decided to make the bond a lump sum of \$10,000, leaving it optional with the owners of the machines as to whether it should be a bond or insurance.

The jitneys have been in operation the past number of weeks and the company operating most extensively state that the business has been quite satisfactory. The officers of the company are of the opinion that the business will increase in volume, necessitating the placing of cars on streets outside of the paved districts in the near future. At the present time cars are being operated by the Jitney Service company, an incorporation, on Washington avenue, and Twenty-fourth and Twenty-fifth streets.

Individuals have also been running the little cars around the city, mostly in the paved district, on the 5-cent fare basis.

## STOCK EXCHANGE BREAKS RECORD

## More Activity in Wall Street Than at Any Time Since War Began.

New York, March 31.—All records for activity on the stock exchange since the closing days of last July, when the local market was in a state of demoralization because of the European situation, were broken today. In the first two hours sales exceeded 400,000 shares. In the afternoon, however, trading fell away perceptibly.

A large proportion of the early business was in special stocks, particularly automobile issues and other specialties which have profited more or less by war contracts. These showed further gains of 3 to 5 points.

United States Steel was the only speculative favorite to show more than a moderate amount of trading.

A considerable part of the buying orders was placed by commission houses, indicating that much of the demand came from out of town sources. The main impetus back of the continued advance was the increasing growth of the country's foreign trade and the ease of money.

## WIFE SAYS HUSBAND LOCKED HER OUT OF THE HOUSE

Isa E. Atkins has commenced divorce proceedings in the district court against Alton J. Atkins, alleging cruelty. The parties were married February 15, 1910.

The plaintiff avers that for the past two years Mr. Atkins has been cruel, assaulting her and calling her bad names. She says that in May, 1914, Mr. Atkins assaulted her and dislocated one of her fingers, and that he also locked her out of the house, necessitating her going to a neighbor for shelter. She asks for restoration of her maiden name, Isa E. Shumaker, costs of suit and attorney fees, and the community property.

In the case of Irma A. James an interlocutory decree of divorce has been given in favor of the plaintiff. The defendant permitted the case to go by default.

## PREMIER OBTAINS EAR OF POWERS

## Gets Certain Nations to With- draw Support of Bulgaria's Territorial Demands— Greece Well Pleased.

Paris, March 31, 2:05 a. m.—Former Premier Venizelos of Greece, who has returned to Athens after a short rest, has made declarations to political friends concerning concessions he obtained during his ministry in regard to territorial claims of Bulgaria, according to the Athens correspondent of the Havas agency. M. Venizelos is quoted as saying:

"At the beginning of the war the demands of Bulgaria included not only Kavala, but Voden. These demands, which were supported by certain powers, assumed a serious character but my line of policy was such that I succeeded in obtaining the withdrawal of this support from Bulgaria. Later I succeeded also in arranging that no cession of Serbian Macedonia should be made to Bulgaria."

Speaking of the participation of Greece in the war on the side of the allies, urged by him, the former premier said he believed that with her fleet and a division of her army, Greece could have doubled her territory.

## Greece Needs Friends.

"After two wars we entered the sphere of world politics," he said, "and we need friends and allies. I formerly was accused of dreaming of a dictatorship but all my acts have been a protest against this charge."

He is said to have urged his friends to have patience until after the elections, when the situation would become regularized.

Kavala is a port on the Aegean sea, northwest of Thessalonica in the territory obtained from Turkey by Greece after the Balkan wars. Voden is about 130 miles west of Kavala, near the Serbian boundary.

## STRANGERS ADMIRE OGDEN CANYON AND ENVIRONMENT

The Utah "Alps," as the mountains east of Ogden are beginning to be called, were compared in scenic beauty to those of Switzerland by Joseph Zoellner, Sr., of Belgium, who, with his daughter Antoinette and sons Amandus and Joseph, Jr., were guests of Prof. and Mrs. Joseph Ballantyne this morning. The family, which delighted a large audience last night in a recital at the Tabernacle, were taken by the Ballantynes for a visit to the Hermitage in Ogden canyon and also on a trip around the city.

In speaking of the canyon, the Zoellners stated that it was one of the prettiest spots they had seen in their tour of the continent, including a visit to the Yosemite Valley in California. The pretty mountain hotel and the fine road excited their special surprise and admiration, and while one of the sons at first thought that the interurban trolley line took away from the pristine beauty of the gorge, the father struck the keynote of its great value to Ogden by saying:

"Ah, yes, but it brings it within reach of all the people."

This, he said, was so unusual as to be almost unique, as the beauties of other famed pleasure spots may be enjoyed only by the privileged few.

He was also impressed with the city, saying that it was so situated that it would some day be many times as large as it is now, and that it was beautifully laid out. The family also had a good word to say of the Ogden people whom they met. They departed this afternoon for Denver.

Last time tonight, "The Walls of Jericho," at the Alhambra. 5c and 10c.

Mr. Gorrell will remain in the city a short time and will discuss canning interests with the Ogden men. He is on his return trip to Washington from the exhibitions in California.

Mr. Gorrell has visited Ogden before and is acquainted with most of those who are engaged in the local canning industry.

## PASSENGER TRAVEL FROM THE COAST IS HEAVY

Passenger traffic through the local union terminal took a big advance today when S. P. train No. 20 came into the city in two sections. The first section was in ten cars and carried 150 passengers and the second was in five cars and carried 211 passengers. In the opinion of the depot officials, the tourists are beginning to turn their way homeward again in large numbers from the California exhibitions.

Yesterday Southern Pacific No. 20, in charge of Conductor Middleton, had twelve cars and carried 200 passengers.

## PROCEEDINGS IN THE POLICE COURT

The cases of four offenders against minor ordinances were considered in the municipal court this morning, in about 19 minutes. Geo. Gerry and G. B. Cummings pleaded guilty to charges of vagrancy and had their cases taken under advisement. They were arrested by Patrolman Jerry Keilher last night, at Washington avenue and Twenty-fifth street and the judge desired to hear from several witnesses in the case before passing sentence.

Pat Smith, who disturbed the peace on lower Twenty-fifth street by using profane language in the presence of women, was sentenced to serve 45 days in jail. He was arrested by Sergeant John Hutchins.

J. C. Flurry was brought into court by Deputy Sheriff Holmes of North Ogden, who arrested him in that suburban town yesterday on the charge of drunkenness. He pleaded guilty and was given a five-day jail sentence.

## BRIGHAM CARS WILL ENTER CITY OVER NEW ROUTE

Tomorrow morning, at 6:30, the Brigham interurban car will leave Ogden from the rear of the interurban terminal on Twenty-fourth street, between Grant and Lincoln avenues, and from that time on all northbound cars will leave from the terminal. All cars from Brigham will run into the joint station as a terminal. The new interurban depot will be operated jointly by the Ogden, Logan & Idaho Railway company and the Salt Lake & Ogden Railway company, the Brigham cars leaving every 90 minutes, and the Salt Lake cars every hour.

Due to construction work in the canyon on the Idlewild-Huntsville extension and the desire of a number of people of the city to get to their canyon residences early this season, beginning tomorrow morning, the first car to the canyon will leave the union car to leave the Idlewild terminal last car to leave the Idlewild terminal at 6:45 p. m. A 90-minute schedule will be given for the present. The last car to leave Ogden for the canyon in the evening will be at 6 o'clock each day. The car will be operated every twenty minutes to the union depot, and fourth street-fifth street and Washington avenue to Canyon road on its way to the canyon.
